Education

Waterford E.T.N.S. will undertake an education programme to educate children on the safe, responsible use of the Internet.

21st century life presents dangers including violence, racism and exploitation from which children and young people need to be protected. At the same time they need to learn to recognise and avoid these risks – to become internet wise.

Resources that may be used to implement this programme include

- NCTE Internet Safety Awareness Video
- Use of the 'Kids' section on the www.webwise.ie website
- SAFT Internet Safety Awareness Education Programme and exemplars

Filtering

'Filtering' is a term used to describe a way of limiting the content of web pages, emails, chat rooms and other electronic data to which users may be exposed. No filter is 100% accurate. The most effective filtering tool is adult vigilance.

Many browsers have their own built in filtering tool e.g. Google. Google's search engine has a built-in "Safe Search". This filter eliminates sites that contain pornography and explicit sexual content from search results. It is easily applied by clicking on the **Preferences** link on any Google page. Unfortunately it is also easily removed.

Waterford E.T.N.S. has filtering software. The access to websites from all school computers is monitored and regularly reviewed by the NCCA. Websites are only allowed through following a verification of their suitability.

Agreements

Permission for internet use and an undertaking for responsible use will be sought from parents/guardians in our enrolment forms. Pupils in older classes will be required to sign the: **Responsible Internet Use Pupil Undertaking**
