

## Waterford Educate Together National School Middle Maths Challenge Week 2

Follow these instructions carefully to create a picture then answer the questions based on your picture:

1. Draw 4 bunny rabbits.
2. Give each rabbit 6 chocolate eggs.
3. How many chocolate eggs have you drawn?
4. Can you write a sum to show how many eggs you have?
5. Colour each egg with a different colour pattern.
6. If you ate half of the chocolate eggs how many would you have left?
7. If each rabbit had €2.50 how much money would the rabbits have altogether?
8. If each chocolate egg cost 50c how much money would it cost to buy all the eggs?
